

SONOMA INDEX - TRIBUNE

SONOMA, JUNE 5, 1887.
CITY OFFICIAL PAPER.

Hereafter obituaries, funeral notices, tributes of respect, etc., will be charged for at the rate of 10 cents per line.

LOCAL BREVITIES.

The best of accommodations at the Union Hotel.

Go to the Occidental Hotel if you want good accommodations.

The traveling public praise the Occidental Hotel, R. D. Moore proprietor.

Dr. J. J. King, Dentist, will be in Sonoma Mondays and Tuesdays of each week.

That taint of scrofula in your blood can be wholly eradicated by Ayer's Sarsaparilla.

Jailor Breitenbach of Santa Rosa was in town Monday night circulating among his old friends.

The Occidental Hotel, under the management of Mr. R. D. Moore and his estimable wife, is growing.

S. A. Robinson, the newly appointed Store-keeper of the United States Bonded Warehouse at this place, assumed his duties last Wednesday.

Peculiar in medicinal merit and wonderful cures—Hood's Sarsaparilla. Now is the time to take it, for now it will do the most good.

Farmers desiring groceries and having the cash to pay for the same, can lay in a supply at Weyl's Cash Grocery as cheap as if purchased in the city. Come and be convinced.

At a special meeting of the City Trustees held on Thursday afternoon, the sum of \$30 was set apart for the purpose of prosecuting violations of city ordinances.

The City Trustees have granted the Fourth of July Committee the use of the Pavilion on that day and evening. The Mechanics' Fair Exhibit Committee have also been allowed the use of the same from July 5th to September 1st.

The following have been elected officers of Bear Flag Lodge, No. 97, K. of P., to serve during the ensuing term: W. P. Wilson, P. C.; H. Raschen, C. C.; Jas. Martin, V. C.; F. Ehrlich, Prelate; Geo. Hazard, M. at A.; W. Stone, M. F.; H. C. Manuel, M. E.

On Friday of last week a Deputy United States Marshal served papers on Col. Wm. Kissane Rogers, on his ranch near this place, in a civil suit instituted against him by the New York Chemical Bank to recover \$20,000, which it is alleged defendant obtained by forgery.

On Sunday morning, about 11 o'clock, the stable in J. S. Enos' yard caught fire and about 25 acres were burned over. The field is on the line of the railroad and the fire is supposed to have originated from a lighted cigarette thrown out of the smoking car by a passenger. But little damage was done.

The new swimming baths at the Agua Caliente Warm Springs are completed and now open to the public. They are the largest and best appointed mineral baths in the State. The water of these springs are of delightful temperature for bathing and their curative properties are highly endorsed by our leading physicians.

The Congregational Church concert at Union Hall, last Wednesday evening, was one of the finest vocal entertainments ever given in Sonoma. The tableaux, also, were by far the best ever arranged and presented to a Sonoma audience. We regret that owing to the absence of a programme we are unable to speak more fully of this really excellent entertainment.

A barn, belonging to an Italian, situated on the old Wraton place a few miles from town, was burned to the ground on Sunday afternoon last at 4:30 o'clock. A horse, a lot of farming implements, several tons of hay and a quantity of wine were destroyed. How the fire originated is a mystery, but it is supposed to have been caused by the carelessness of an employee.

Miss Ada Sponogle, a beautiful young lady eighteen years of age, and a daughter of Dr. Sponogle, who has lately located in Glen Ellen, died at the Grand Hotel, Santa Rosa, on Friday evening of last week, from the effects of an overdose of morphine, which she had taken to get relief from a severe attack of headache. At first it was thought a case of suicide, but subsequent developments brought out the above facts.

Don't forget the musical and literary entertainment for the benefit of the Sisters of the Presentation which takes place at Weyl's on the evening of June 9th. A unusually attractive programme has been prepared. As this is the first time aid has been asked for the Sisters, and as they have conducted a free school for the past few years, every one, irrespective of creed, ought to turn out and lend a helping hand. The price of admission is only 25 cents.

The traveling public and others will be pleased to know that the Sonoma House, which has recently changed hands, has been completely overhauled and renovated and is now conducted as a first-class house. Mr. D. T. Hard, the new proprietor, is the right man in the right place and guests will find in him an accommodating and obliging landlord, and one who will use every endeavor to give them those accommodations which only a first-class house can supply.

Sonoma Valley and the Mechanics' Fair.

Another meeting of the Committee on Mechanics' Fair Exhibit was held at Agua Caliente last Tuesday. The meeting was presided over by Capt J. H. Drummond.

After reading the minutes of the meeting of May 18th, which were approved, M. K. Cady offered the following resolution, which was seconded by T. D. Morris:

Resolved, That the exhibit made under the resolution of May 18th be known as the "Sonoma Valley Exhibit," and that each locality or town desiring to make a display of its products will be encouraged to do so to the end of stimulating a friendly rivalry between the different localities of this valley.

The resolution was adopted after which the following gentlemen were appointed a committee to secure the services of a suitable person to take charge of the exhibit during the continuance of the Mechanics' Fair and report at the next meeting: Geo. W. Howe, M. K. Cady and Geo. W. Howe.

The question of a Committee of Finance coming up the following gentlemen were selected as such: G. C. P. Sears, T. S. Cooper and L. B. Lawrence.

The Secretary was instructed to correspond with certain San Francisco dealers in glassware with a view to renting jars and bottles for use in the exhibit.

The Committee then adjourned to meet at the same place at 3 p. m., Tuesday, June 14, 1887.

Arrested for Misdemeanor.

George Hein and Chas. Smith, Jr., who have made themselves very obnoxious of late to the peaceful and lawabiding citizens of Sonoma, got on a big drunk last Sunday and celebrated the day by using profane language and breaking in the door of a Chinese house on Spain street. For this they were arrested by Marshall Vallejo and charged with misdemeanor. They were taken to the lock-up, but were immediately bailed out and went on their way rejoicing. On Thursday Hein pleaded guilty before Justice Stone, and was let off with the small fine of \$7.50, and he is now at liberty to get drunk again and raise Cain to his heart's content, as our boys can have lots of fun at small cost. We understand that Mr. Hein has promised to leave Sonoma.

Meeting of City Trustees.

The Board of Trustees of Sonoma held their regular monthly meeting at the City Hall, Wednesday evening. Present: Trustees Lawrence, Wegner and McHarvey, the latter in the chair. The minutes of the last meeting were read and approved.

The Finance Committee, having under consideration the annual report of the City Clerk, finding the same correct, reported in favor of publishing the same. It was therefor ordered printed in the INDEX-TRIBUNE.

The following bills were presented and allowed: J. M. Cheney, labor, \$5.50; D. Modini, labor, \$12; U. P. Vallejo, salary and arrears, \$27.30; Jas. McDonnell, Jr., salary as Clerk, \$5; Jas. Martin, blacksmithing, \$1.50; Wm. Parish, labor, \$5.

The Board then adjourned.

Fourth of July.

The literary programme for July 4th has been almost completed. The selections thus far made are as follows: President of the Day, Robert Howe; Chaplain, Rev. E. H. King; Reader, Dr. H. H. Davis; Orator, Hon. C. Hartson. Miss Hope and G. H. Badger will give recitations. A poem will be read by a daughter of one of the visiting Mexican Veterans, and Robert Poppe will give a sketch of the Bear Flag movement. The arrangements for the ball in the evening are not yet complete.

A Warm Day.

Last Saturday was the warmest day ever experienced in Sonoma. The thermometer in some places in town went up to 115 degrees in the shade in the afternoon, while few registered below 105 degrees at 3 p. m. At 5 o'clock in the morning the thermometer in the Index-Transvaal building, which is hard finished and provided with five large windows and two doors, registered 90 degrees; at 10 o'clock it was 95; at 12 o'clock, 100; at 1 o'clock, 105; at 3 o'clock, 106.

Confirmed.

Judge Rutledge has confirmed the sale of the real estate of R. A. McDonnell, deceased, recently sold at public auction to V. Bullette. The property is located next door to the Postoffice in this place and brought \$1550.

Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns and all Skin Eruptions, and positively cures Piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by E. Wegner.

The Weyl-Stofen Party.

The invitation party given at Weyl's Hall on Monday evening last by Henry Weyl and Capt. P. N. Stofen, the occasion being the fifty-first birthday anniversary of the latter and the fifty-third of the former, was one of those enjoyable affairs that go so far toward cementing the ties of friendship and good feeling in our community.

The gentlemen who gave the party are old and respected citizens of Sonoma, and it must have been gratifying to both to witness the large gathering of their friends, who came from all parts of the valley to pay their respects to them.

The music was furnished by the Sonoma Brass Band of eighteen pieces under the leadership of Mr. Hugh Maxwell, while the supper was gotten up under the immediate supervision of Mrs. Henry Weyl. Dancing was indulged in until one o'clock, when the guests dispersed, not forgetting, however, before their departure to wish their generous hosts many happy birthday returns.

The following gentlemen and ladies were present: Mesdames H. Weyl, P. N. Stofen, Wm. Brown, E. Roseau, R. D. Moore, H. H. Granice, C. Johnson, L. Ludwig, G. S. Harris, W. Goodman, E. Eschbach, C. H. Ward, E. P. Cutter, E. J. Mullin, J. Johnson, F. Riser, H. Albertson, G. H. Hotz, and M. Carr. Misses M. Goodman, Annie Weyl, Emily Ehrlich, Harriet Ehrlich, Annie Raschen, Elita Raschen, M. McCracken, Ella Bush, M. Smith, M. Cook, N. Hope, M. Graham, G. Chandler, L. Chandler, Carner, Grace Johnson, Rose Wilson, M. Lobson, Katie Green, Carrie Green, Johanna Tobin and Zoe Clark. Messrs. E. J. Mullin, J. J. Wyttyrk, J. H. Madison, T. D. Morris, Dr. H. H. Davis, H. H. Granice, Otto Rufus, Thos. Base, Chas. E. Tarrant, G. H. Hotz, F. L. Clark, L. Johnson, R. P. Hill, H. Raschen, S. Ringstorm, E. Zane, Geo. Zane, J. King, P. N. Stofen, H. Weyl, V. Hope, J. Burris, H. Winkle, E. Ewell, A. McLaughlin, Chas. Douglas, Prof. Rousseau, R. D. Moore, C. Wise, Thos. Cooper, D. Emperon, E. Eschbach, F. Ehrlich, O. Ehrlich, Wm. Brown, M. Akers, G. S. Harris, H. Lutgens, M. F. Turley, Judge Breitenbach, E. P. Cutter, E. Gillan, E. Young, F. Weiler, L. Johnson, L. Green, H. Weyl, Jr., G. W. Clark, Wm. Wilson, Robt. Wilson, L. Shaw, L. Breitenbach, F. Riser, H. Maxwell, Chas. Ward, A. Zutter, J. Albertson, G. Tate, G. H. Martz, E. Cutter, G. Porter, G. Martin, Wm. Stone, F. Vasslet and P. Carner.

PERSONAL AND SOCIAL.

Mr. and Mrs. D. M. Eschbach left on Friday morning's train for Santa Cruz.

J. J. Williams, an attaché of the "Evening Post," was in town this week.

H. E. Calderwood, for several years a resident of this place, has went to Rocklin, Placer county, to reside.

Miss Emma Hope, the talented young teacher of education at Napa College, is visiting her parents, Mr. and Mrs. V. Hope of this place.

Miss Dora Howe, daughter of Hon. Robt. Howe, who is attending the Irving Institute, San Francisco, is spending a short vacation at Eden Dale, the beautiful residence of her parents near Sonoma.

Last Tuesday evening Mr. and Mrs. Charles McHarvey were tendered a very pleasant surprise party at their residence in honor of their thirty-eighth wedding anniversary. The evening was spent in listening to vocal and instrumental music, playing games and general sociability.

Glen Ellen Notes.

James McGinty has sold a large quantity of wood to the railroad company.

Picnic day last Saturday was a scorcher, the thermometer indicating about 100 degrees in the shade.

Mrs. Martin Peter was taken suddenly ill with pneumonia last Friday, but is now rapidly improving under the doctor's care.

Chas. Baettge of Agua Caliente is playing havoc among the hay crops in this vicinity. He does it with his little mowing machine.

Fourteen hundred and fifty picnics, members of the Episcopal Sunday Schools of San Francisco, spent the day at Glen Ellen Park last Saturday.

The excursion train last Sunday was crowded as usual. Judging from the number of sun-burned noses, etc., a day of great enjoyment was had in the country.

The parlor of Native Sons of this place went to Santa Rosa on Friday to confer with the parlor of that place, to make arrangements for the celebration of the Fourth of July.

The painting and building mania, or in other words a sort of "boom," seems to have struck Glen Ellen. The erection of a number of new buildings is contemplated, among which is a new Postoffice.

There is more wine and wood shipped per rail from this place than ever before, at least in the recollection of Old Timer.

Pendergrass vs. Burris.

It will be remembered by the many friends of David Burris, a former resident of Sonoma county, but now of Tulare, that in the fall of 1885, or thereabouts, one of the Hanford papers published an article in its local columns stating that David Burris, while administrator of the estate of George T. Thornton had unlawfully gobbled up the whole estate, amounting to some seventy-five thousand dollars, and that the Thornton heirs had brought suit for the recovery of the same. The character and reputation of David Burris is too well known in Sonoma county for comment here. He was an early pioneer to California; settled in Sonoma county in 1867; was one of the founders of the Santa Rosa Bank and is yet a director and one of the principal stockholders therein. He is also President of, and principal stockholder in the Sonoma Valley Bank. For the benefit of his friends we publish the following from the decision recently rendered by the Superior Court of Tulare county in the above entitled case: "That said George T. Thornton did not own any estate in or title to said lands or any of them at the time of his death, and had no right to the possession to any portion of said lands. That the plaintiff had never acquired or had at any time either as administrator of the estate of George T. Thornton, deceased, or otherwise, any right to the possession of any part of the said lands. That ever since the 21st day of December, 1880, the defendant, David Burris, has been, and is, the sole and exclusive owner in fee simple of said lands in every part and parcel thereof, and said defendant is entitled to a judgment for costs."—Santa Rosa Democrat.

What Baking Powder Shall We Use?

This plain question comes home to every housekeeper. We all desire pure and wholesome food, and this cannot be had with the use of impure or poisonous baking powder. There can be no longer a question that all the cheaper, lower grade of baking powders contain either alum, lime or phosphoric acid. As both we may be to admit so much against what may have been some of our household gods, there can be no gainsaying the unanimous testimony of the official chemists. Indeed, analysts seem to find no baking powder entirely free from some of these objectionable ingredients except the Royal, and that they report as chemically pure. We find some of the baking powders advertised as pure, to contain, under the tests of Prof. Chandler, Habirshaw and others, nearly twelve per cent. of lime, while others are made from alum with no cream tartar. This we presume accounts for their lack of leavening power as sometimes complained of by the cook, and for the bitter taste found in the biscuits so frequently complained of by ourselves. But aside from the inferiority of the work done by these powders, the physiologists assure us that lime and alum taken into the system in such quantities as this are injurious. They are not decomposed by heat, nor dissolved in mixing or baking. They go with the bread, therefore, into the stomach, where their physiological effects are indigestion, dyspepsia, or worse evils. The question naturally arises, why do these cheap baking powder makers use these things? Alum is three cents a pound, lime is still cheaper, while cream of tartar costs thirty-five or forty. The reasons for the chemical purity of the Royal Baking Powder were recently given in the New York "Times" in an interesting description of a new method of refining argols, or crude cream of tartar. It seems that it is only under this process that cream of tartar can be freed from the lime natural to it and rendered chemically pure; that the patents and plant for this cost the Royal Baking Powder Company about half a million of dollars, and that they maintain exclusive control of the rights. Prof. McMurtie, late chief chemist of the Department of Agriculture at Washington, D. C., in the interests of commerce, made an examination of this process, and reported upon the results attained in the refined cream of tartar. The following extract from his report would seem to answer the question repeated at the head of this article, and which is so frequently propounded by the housekeeper: "I have examined the cream of tartar used by the Royal Baking Powder Company in the manufacture of their baking powder, and find it to be perfectly pure, and free from lime in any form. The chemical tests to which I have submitted the Royal Baking Powder prove it perfectly healthful, and free from every deleterious substance."

Humors.

Erysipelas.

Canker, and

Catarrh.

Can be cured by purifying the blood with

Ayer's Sarsaparilla.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Price \$1; six bottles, \$5.

Astonishing Success.

It is the duty of every person who has used EOCER'S GERMAN SYRUP to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 80,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the GERMAN SYRUP cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers in the United States and Canada.

The Occidental Hotel is fast becoming a popular resort.

MISCELLANEOUS.

ROYAL BAKING POWDER.

Ayer's Sarsaparilla has been equal to a cure for Scrofulous Humors. It is pleasant to take, gives strength to the body, and produces a more permanent result than any other medicine I ever used. —E. Haines, North Lindale, Ohio.

I have used Ayer's Sarsaparilla in my family for Scrofula, and know, if it is taken faithfully, it will thoroughly eradicate this terrible disease. —W. F. Fowler, M. D., Greenville, Tenn.

For forty years I have suffered with Erysipelas. I have tried various remedies for my complaint, but found no relief until I commenced using Ayer's Sarsaparilla. After taking two bottles of this medicine I am completely cured. —M. C. Amesbury, Rockport, Me.

I have suffered, for years, from Catarrh, which was so severe that it destroyed my appetite and weakened my system. After trying other remedies, without relief, I began to take Ayer's Sarsaparilla, and, in a few months, was cured. —Susan L. Cooke, 99 Albany St., Boston, Mass.

Ayer's Sarsaparilla is superior to any blood purifier that I ever tried. I have taken it for Scrofula, Canker, and Salt Rheum, and received much benefit from it. It is good, also, for weak stomach. —Millie Jane Petros, S. Bradford, Mass. ft

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Price \$1; six bottles, \$5.

New Remedy for the Sleepless.

Now, what is it that disturbs sleep? Noise? Not altogether, for the inhabitants of besieged towns have been known to sleep through the roar of bombardment, and to awaken suddenly when the firing ceased. Millers will sometimes start up from sleep, awakened by the mere stopping of the mill wheel. The rattling of a train in motion will induce sleep, as all travelers know. And last, not least, the sleep of infants, the sweetest and soundest sleep of all, is promoted by sound. The popular view, then, that noise disturbs sleep, like most popular views, only touches the truth but does not grasp it. The true cause of disturbance is interruption. Any sudden cessation of the continuity of silence or of sound awakens the sleeper; for sound, provided it be monotonous, has precisely the same effect on the brain as silence. That simple piece of mechanism, the alarm clock, is based on the theory of interruption—it interrupts silence.

Now, might not, suggests the *English Medical Journal*, an equally simple contrivance be made on the same mechanical principles, but with the reverse object, viz., that of inducing sleep by sound? Its utility, to delicate persons especially, would be undoubted. Call it the morphometer, the somniferant, or give it a French title and christen it the *garde-somme*, or sleep-preserver—a name, by the way, that would truly designate its object. For its real object would not be so much to promote sleep as to insure the sleeper against disturbances (and vulnerable side of light sleepers) by placing a bulwark of sound between him and the sudden shocks of extraneous noise. Let your sleep preserver produce the drowsy, monotonous buzz of a humming top, not so loud as to be heard in an adjoining room, but loud enough to drown distinct noises when placed close to the bedside or hung over the pillow.

The Strength of Snails.

Perceiving a common snail, *Helix aspersa*, crawling up the window blind one evening it occurred to me to try what it could draw perpendicularly. Accordingly, I attached to its shell four coils of cotton, fastened one after the other until I ascertained that a greater load would exceed the limit of its strength. I then weighed the entire load, and found that it weighed 24 ounces, while the snail weighed only 1 ounce. Thus was able to lift perpendicularly nine times its weight. I then made an experiment with a larger snail, weighing 1 ounce, the load being composed chiefly of the same material as the last, but so placed as to be drawn in horizontal position on the table. Reels of cotton to the number of twelve were fastened to it, with a pair of scissors, a screw driver, a key and a knife, weighing altogether seventeen ounces, or fifty times the weight of the snail. The same snail when placed on the ceiling was able to travel with a weight of 4 ounces suspended from its shell. Next I tried it on a piece of common thread, suspended and hanging loose with another snail of its own weight, which it carried up the thread with apparent ease.

After this I tried it on a single horse hair strained in a horizontal position, but it had then enough to do to crawl over this narrow bridge without a load.—*E. Sandford in Zoologist.*

Active, Pushing and Reliable.

E. Wegner can always be relied upon to carry in stock the purest and best goods, and sustain the reputation of being active, pushing and reliable, by recommending articles with well established merit and such as are popular. Having the agency for the celebrated Dr. King's New Discovery for consumption, colds and coughs, will sell it on a positive guarantee. It will positively cure any and every affection of the throat, lungs or chest, lungs or chest, and in order to prove our claim, we ask you to call and get a trial bottle free.

A tramp recently arrested in Jackson, Michigan, for disorderly conduct, was found to have a spacious wallet in his inside pocket stuffed full of 2-cent postage stamps. He confessed that he had been making a tour of the State begging a stamp from every person he met, on the plea of wishing to send a letter to his wife. When a stamp was not forthcoming he usually got two coppers or a nickel to buy one with, and was able to live in comfort on his revenue.

POISON IN THE ASHES

What the Mt. Lebanon Shakers Found—Incident in the History of a Quiet Community.

The Mount Lebanon (New York) Shakers are a quiet community, secluded from the fret and worry of the outside world. They are widely known, however, for their strict honor and probity in business.

The Shakers believe that nature has a remedy for every disease. A few have been found—the rest are as yet unknown. Many were discovered by accident. Others came to light as the result of patient experiment and research.

Nervous Dyspepsia is a comparatively new disease, growing out of the conditions of modern life. It is a joint affection of the digestive organs and of the nervous system. These two were formerly treated as separate ailments, and it was left for the clear-sighted Shakers to prove that the basis of this terrible and often fatal complication lies chiefly in the disordered and depraved functions of digestion and nutrition. They reasoned thus:—"If we can induce the stomach to do its work, and stimulate the executive organs to drive out of the body the poisonous waste matters which remain after the life-giving elements of the food have been absorbed, we shall have conquered Nervous Dyspepsia and Nervous Exhaustion. And they were right. Knowing the infallible power of Shaker Extract (Seigel's Syrup) in less complicated cases, they resolved to test it fully in this. To leave no ground for doubt they prescribed the remedy in hundreds of cases which had been pronounced incurable—with perfect success in every instance where their directions as to living and diet were scrupulously followed. Nervous Dyspepsia and Exhaustion is a peculiarly American disease. To a greater or less extent half the people of this country suffer from it—both sexes and all ages. In no country in the world are there so many insane asylums filled to overflowing, all resulting from this alarming disease. Its leading symptoms are these: Frequent or continual headache; a dull pain at the base of the brain; bad breath; nauseous eructations; the rising of sour and pungent fluids to the throat; a sense of oppression and faintness at the pit of the stomach; flatulence; wakefulness and loss of sleep; disgust with food even when weak from the need of it; sticky or slimy matter on the teeth or in the mouth, especially on rising in the morning; furred and coated tongue; dull eyes; cold hands and feet; constipation; dry or rough skin; inability to fix the mind on any labor calling for continuous attention; and oppressive and sad forebodings and fears.

All this terrible group Shaker Extract (Seigel's Syrup) removes by its positive, powerful, direct yet painless and gentle action upon the functions of digestion and assimilation. Those elements of the food that build up and strengthen the system are sent upon their mission, while all waste matters (the ashes of life's fire) which unremoved, poison and kill, are expelled from the body through the bowels, kidneys and skin. The weak and prostrated nerves are quieted, toned and fed by the purified blood. As the result, health, with its enjoyments, blessings and power, returns to the sufferer who had, perhaps, abandoned all hope of ever seeing another well day.

Every Lady Her Own Dressmaker.

Mrs. Demorest's system of Dress Cutting is used and endorsed by nearly all the best dressmakers in Europe and America. It is easily understood and every week will save time and vexation enough to pay its cost, besides giving the greatest possible satisfaction in fitting accurately and artistically. Awarded the highest premium for simplicity and excellence in every competition. Full instructions accompany each model. Price, 35c. For sale at this office. Only a few more left.

WANTED—LADY Active and intelligent, to sell Mrs. Demorest's system of Dress Cutting, and good salary. DAY & BROS., 15 Barclay St., N. Y.

Drunkness, or the Liqueur Habit

Cured by Administering Dr. Haines' Golden Specific.

It can be given in a cup of coffee or tea without the knowledge of the person taking it, effecting a speedy and permanent cure. Whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made temperate men who have taken Dr. Haines' Golden Specific in their coffee without their knowledge, and to-day believe they quit drinking of their own free will. No harmful effects result from its administration. Cures guaranteed. Send for circular and full particulars. Address in confidence: GOSNEY SPECIFIC CO., 618 Race St., Cincinnati, Ohio.

For lame back, side or chest, use Shiloh's Porous Plaster. Price 25c and 50c.

"FRACKMETACK" a lasting and fragrant perfume. Price 25c and 50c.
